

Caretaker Registration

Spay and Stay's trap-neuter-return (TNR) program is designed to give Lake County, Illinois caretakers access to low-cost spay/neuter and vaccination services for the feral cats in their colony.

The cost for services:

- **\$40 per cat for feral and stray cats that are to be ear-tipped and returned to their colony.**
- **\$100 per cat for cats who will not be eartipped and will be adopted into a home after surgery.**

SERVICES PROVIDED

Spay and Stay's TNR program covers the following veterinary services:

1. Spay or neuter
2. 3-year rabies vaccination
3. Distemper vaccination
4. Ear-tipping of left ear - This is mandatory for feral and stray cats that will be returned to their outdoor colony or who are becoming indoor/outdoor pets.
5. Microchip
6. One treatment for parasites
7. Minor wound and dental care, if needed – cost to be determined by vet and payment discussed with Caretaker.
8. Humane euthanasia if found to have severe debilitating disease or injury

BORROWING TRAPS – All cats are required to be in traps.

Spay and Stay provides traps for use. You will pick up your trap(s) after scheduling a surgery date with the Office. A \$100 per trap refundable deposit is required. If you do not return your trap in a timely manner we will use your deposit to buy a new trap.

Caretaker Agreement And Release of Liability

Spay and Stay, a Not-for-Profit organization located in Lake County, Illinois, working in conjunction with various participating veterinary hospitals and clinics, has offered to the undersigned the opportunity to have feral cat(s) spayed or neutered, according to the policies of Spay and Stay.

I am the **registered caretaker** of the cats being brought in for spay/neuter surgery. I agree to waive and release Spay and Stay, and any participating veterinary hospital or clinics, its employees, agents, and others from any claims of any liability that may arise from the procedure on any cat(s) brought in.

I am aware that **feral cats face risks during handling, anesthesia, surgery, and post-operative recovery**. Spay and Stay, its volunteers and the participating veterinary facilities will not be held responsible should a cat experience complications, injury, escape, or death.

The **attending veterinarian will humanely euthanize any cat found to be severely ill or injured** or has a medical condition that would make it inhumane to release the cat back to its colony. I recognize that every effort will be made to contact me prior to euthanizing a cat, but I understand that a humane decision will be made on my behalf if contact is not made in a timely manner to ensure that no cat suffers unnecessarily.

This discharge and release of liability is absolute and complete and covers any liability which may otherwise arise due to complications or errors by any medical personnel or others involved in the procedure.

I have carefully read this release and fully understand and agree to it.

Caretaker name (*please print*) _____ Date: _____

Caretaker signature: _____

Acknowledgement of Property Owner's Permission

If the caretaker shown on this form is not the owner of the property on which the feral cat colony resides, the owner of the property must complete and sign this form.

I certify that:

- **I am the owner of the property** on which the colony identified on the previous page lives. • **I will indemnify and hold harmless** Spay and Stay, its Founders, Board of Directors, Staff and Volunteers from any liability based on the existence of the cats on this property.

I have carefully read this release and fully understand and agree to it.
